New Vendor Application 2017

The Yancey County Farmers' Market Association is a group of local producers selling produce, plants, and farm-related crafts through a Farmers' Market in Burnsville. Vendors must be members of the Market Association, and membership entitles the member to one (1) 10x10 selling site at the market for selling from a truck, car, or tables.

The mission of the market is to provide to the community a source of fresh, local, high quality farm products and crafts by creating and maintaining a viable retail outlet for local farmers and crafters in an atmosphere conducive to the exchange of information and ideas between producers and consumers.

Interested applicants should complete this application and return it to one of the Market officers or to the address above. Please remember to sign the application. Based on market needs and space availability, applicants could join the market either as a day vendor or as a permanent member. After the Board reviews your application, you will be notified by the Market Manager accordingly.
